

# THE TOTAL SOLUTION PRO WATER SOFTENER AND CARBON COMBINATION SERIES

The best system on the market today – Installed at an unbelievable savings. Get twice the system for half the price. Save 50% on our carbon filtration systems when adding a carbon system to a superior water softener. We give you the best of both worlds. You get the most effective water softener in conjunction with water free of chlorine, ammonia, chloramines, and other aggressive chemicals that cities add to your water. Skin feels better. Clothes last longer. Stop chlorine in its tracks at the point of entry to your home. The combo series gives you savings you can see right away, peace of mind, and good health.

Ask your representative or call us for pricing on a system sized exactly to your needs.
